

The Spitter-Outer

The Germ-Sharer

The Weekend-Wrecker

For kids of every description,  
there's a Triaminic® that means relief

Trust in Triaminic.™

# The Spitter-Outer

The kid who sometimes spits out or otherwise ejects cough and cold medicine.

Relief for him means...

## Triaminic Thin Strips®

### Accurate dosing for children

- Delivers the intended, premeasured dose

Active ingredients are evenly distributed throughout the strip matrix.\*

- Water-soluble strip disintegrates quickly on the tongue
- Eliminates measuring guesswork for parents and caregivers

### Convenience at home and on-the-go

- Easy to carry and store
- No spoons, no spills—no need to pour or measure

### Great tastes that encourage compliance

- Grape, cherry, and berry flavors

### Single- and multi-ingredient formulations

#### Active Ingredients

5 mg dextromethorphan HBr,  
2.5 mg phenylephrine HCl  
per strip

12.5 mg diphenhydramine HCl,  
5 mg phenylephrine HCl  
per strip

2.5 mg phenylephrine HCl  
per strip

12.5 mg diphenhydramine HCl  
per strip

7.5 mg dextromethorphan HBr  
per strip

\*Do not cut Thin Strips®.

Do not use these products in children under the age of 4.

Use only as directed.

# The Germ-Sharer

The kid who has a brother she shares everything with, and a mom who wants the ability to have them share the same cough and cold medicine.

Relief for her means...

## Triaminic® Syrups

### Formulations for a variety of symptoms

- Includes measuring cup for accurate dosing
- Long- and short-acting formulas
- Great tastes that encourage compliance

### Introducing Triaminic®-D Syrup

- Multi-symptom cold formula with pseudoephedrine for children 6 to 12 years of age
- Now available behind the counter

**NEW!** Available behind the counter
